

# APPLICATIONS for ADMISSION

## September 2008 intake

### B.A.Sc/M.Eng. Programme in BIOMEDICAL ENGINEERING

SEPTEMBER 2008 Full Time Only

**PROGRAMME VENUE:** The University of Trinidad and Tobago O'Meara Campus ARIMA.

Applications are invited for the emergent field of Biomedical Engineering. This programme introduces formal training in Biomedical Engineering to the Caribbean and Latin America and will help to revolutionize the way in which health care is administered in Trinidad and Tobago. The Biomedical Engineering programme has been designed to address the clinical gaps in the country's health care system through training and innovation in core disciplines.

**ENTRY REQUIREMENTS:**

- Two (2) CAPE (unit 1 and 2) or GCE A-level subjects including Mathematics; Physics or Chemistry or Biology; plus General Paper or Caribbean Studies plus CXC (CSEC) General Proficiency/GCE O-level Chemistry and Physics
- Applicants with equivalent qualifications, as determined by the UTT

### BACHELOR of EDUCATION PROGRAMME

SEPTEMBER 2008 Part Time Only

**PROGRAMME VENUES:** The University of Trinidad and Tobago:

Corinth Campus Corinth Road, Corinth Village SAN FERNANDO	Valsayn Campus Old Southern Main Road CUREPE
---	--

Applications are invited for the UTT Bachelor of Education programme. The curriculum is intended to prepare teachers to function in the education system of Trinidad and Tobago and offers two areas of specialization: Primary and Technical Vocational specialization.

**ENTRY REQUIREMENTS:**

**Primary Specialization**

- Teacher's Diploma
- Five (5) CXC (CSEC) General Proficiency / GCE O-level passes including Mathematics, English Language and a Science Subject (A minimum CXC Grade 111 General – from 1998 will be accepted)
- Currently employed as a Primary Teacher in the public or private sector

**Technical Vocational Specialization**

- Technician's Diploma
- Five (5) CXC (CSEC) General Proficiency / GCE O-level passes including Mathematics, English Language and a Science Subject (A minimum CXC Grade 111 General – from 1998 will be accepted)
- Currently employed as a Technical Vocational Teacher in the public or private sector

### Certificate in PROCESS OPERATIONS PROGRAMME

SEPTEMBER 2008 Part Time and Full Time

**PROGRAMME VENUES:** - Point Lisas Campus, COUVA (Pt. Lisas) San Fernando Technical Institute, SAN FERNANDO (SFTI)

Applications are invited for the Certificate in Process Operations programme. This programme prepares graduates for operator positions in the process industries. It provides a thorough understanding of the process operations theory, processing equipment including functions and operations; an appreciation of the shift work environment and the responsibilities of process operators as well as a thorough grounding in plant safety.

**ENTRY REQUIREMENTS:**

- Passes in at least five (5) subjects at CXC (CSEC) General Proficiency (Grades I or II and from 1998 Grade III) or GCE O-Levels, which must include Mathematics, English Language, and Chemistry or
- Successful completion of the Pre-University Programme (formally Pre-Engineering Programme) in ALL attempted subject areas.
- Applicants with equivalent qualifications, as determined by the UTT.
- Students who wrote CXC (CSEC) examination in June 2008.

### Diploma in ANIMAL HEALTH and VETERINARY PUBLIC HEALTH

ONE YEAR, Full Time Only

**PROGRAMME VENUE:** Eastern Caribbean Institute of Agriculture and Forestry (ECIAF), CENTENO

Successful applicants of this programme will be prepared for employment in the Ministries of Agriculture and Health, the meat, milk and fish processing industries, private veterinary clinics, veterinary diagnostic laboratories, and at veterinary schools. In addition, employment opportunities exist in the private livestock sector, especially the Poultry and Pig Industries. Our needs analysis has indicated a minimal demand for student places, both locally and regionally to be fifty persons over the next two years.

**ENTRY REQUIREMENTS:**

Diploma / Associate Degree in Agriculture from ECIAF.

OR

Caribbean Advanced Proficiency Examination (CAPE) Levels I or II or GCE A'Level passes in Biology and Chemistry. Applicants awaiting results in these subjects can also apply for entrance into the programme.

### BSc NAUTICAL SCIENCE

SEPTEMBER 2008 Full Time Only

**PROGRAMME VENUE:** Maritime Campus, CHAGUARAMAS

The Bachelor of Science Degree is a four year full time programme. The Maritime Industry in Trinidad and Tobago is well established and is expanding. The rapid growth of this Industry has signaled the need for UTT to provide industry-wide maritime knowledge and experience to students.

This BSc is targeted to those who wish to pursue a career in the Maritime Industry. The programme will offer a practical-based qualification that will enhance the required skills in this field, and will provide shore-based shipping experience to ex-seafarers.

**ENTRY REQUIREMENTS:**

- Two (2) CAPE (unit 1 and 2) or GCE A-Level subjects including Mathematics, a Science subject, or related subjects.
- Diploma in Maritime Operations, Navigation or Engineering, or STCW 95 Certificate of Competency at the Operational or Management Level.

Applicants with equivalent qualifications, as determined by UTT, will also be considered.

**APPLICATION FORMS CAN BE COLLECTED & SUBMITTED AT:**
